Name: L.T. Sithomo

Home Page:

Empowering Nation is based on skills development as 'power' is the capability to gain what you need and empowerment approach empower the people to lead them to successful to turn out to be self-dependent, people having power and actually taking control of their lives and deliver new definition to our country in terms of development.

However, having advancing constitutional democracy, human rights and equality. Therefore, promoting non-racism, non-sexism, equally and human team spirit. Also building unity among South Africans, as well as with the location, continent, worldwide community and encouraging recovery of individuals or groups.

Empowering the individual
means empowering the
nation. And empowerment is
best served through rapid
economic growth with rapid
social change.

ATUL BINARI VAJPAVEE
SPACIOUSNOTES.COM

The SME by Radebe to provide skills training or development for domestic workers and gardener.

Report on my design of a web page and mobile application
